

LACA and Croner Team Up to Provide Members with No-Fee Access to the Business Support Helpline

Did you know . . .

- That the average H&S fine is £7,130?
- Dealing with a case of unfair dismissal could take 33 hours of specialist advice, which means a bill of around £6,600?

We appreciate how hard it is to run a business these days, legislation is constantly changing and there is an increasing demand to provide value for money.

We want to help you remove some of the business burdens you have, so we have teamed up with Croner to give you access to their Business Support Helpline.

Available 09:00 – 17:00 Monday to Friday, you can access Croner’s team of health & safety, food safety, HR, tax & VAT and commercial legal experts simply by picking up the telephone.

Save time, money and resources

The Business Support Helpline gives you access to knowledgeable professionals you can rely on. And unlike traditional call centres or solicitors, your call to Croner is not ‘on a meter’ so you can take as long as you need to resolve your issue.

To access the Business Support Helpline call **08445 618133** quoting your client scheme number **83383**.

Looking for extra support?

All LACA members qualify for discounted rates on additional food safety, health and safety and HR support from Croner, including:

- ◆ Croner-i Education, a specialist online information resource aimed at school business managers and senior leadership teams
- ◆ Food safety
- ◆ Risk assessments (including fire risk assessments)
- ◆ Health & safety systems audit, reviews and updates
- ◆ OHSAS 18001 preparation
- ◆ Manual handling training
- ◆ Creating or reviewing contracts of employment, documents, processes and employee handbooks
- ◆ Training on HR and health & safety legal and compliance updates
- ◆ Tribunal representation

“As an SME we appreciate the comfort of being able to rely on Croner. It’s nice to know that if we have a problem there is an expert at the end of a phone to help us with it.”
